

LIMPETS TEACHER WORKSHOPS
OCTOBER 22ND, 2011
JANUARY 21ST, 2012

Teacher Workshop— LiMPETS 101

Engaging student scientists along our sanctuary shores

Learn how to get your students involved in hands-on, authentic scientific monitoring at your local beach or tidepool. These workshops are for teachers (grades 6-college) and educators who are interested in participating in the National Marine Sanctuary's LiMPETS Programs.

LiMPETS Introduction to Sandy Beach Monitoring

WHEN: Saturday, October 22, 2011 8:30am– 3:00pm
WHERE: Pacific Grove Museum of Natural History and Asilomar State Beach

Get your students involved in this exciting field science program. Participants receive the new 5-unit LiMPETS Curriculum and are trained to survey the distribution and abundance of the Pacific mole crab at one of the many monitoring sties along the coast.

LiMPETS Introduction to Rocky Intertidal Monitoring

WHEN: Saturday, January 21, 2012 9:30am-5:00pm
WHERE: Pacific Grove Museum of Natural History and Point Pinos Tidetpools

Get your students involved in this dynamic field biology program. Participants receive the new curriculum, are trained to identify algae and invertebrates and practice the monitoring methods used in the field.

To Register: It is possible to register for one or both days. Please complete the attached registration form.

Cost: FREE. \$50 stipend per day for all registrants

Credit: Continuing Education Credits available through CSU Monterey Bay

LiMPETS

LONG-TERM MONITORING PROGRAM AND
EXPERIENTIAL TRAINING FOR STUDENTS

LiMPETS Workshop Registration Form

Name _____

Home Address _____

Phone _____ Email _____

School or Organization _____

School Address _____

County _____ Public, Private or Charter School? _____

I would like to enroll in: Sandy Beach (Oct. 22, 2011) Rocky Intertidal (January 21, 2012)

Please answer the following questions to help us better tailor the workshop:

1) Describe the student population you work with (grade, subjects, ability).

2) What do you currently teach about sandy beach and/or rocky intertidal ecosystems?

3) How did you hear about this workshop? the LiMPETS program?

Please send completed registration forms via mail, email or fax to:
